

Bayview Rectangular Coffee Table

Model Number

BVCT-68

The Bayview Coffee Table concept came about from a customer who envisioned an intimate "living room" experience in an outdoor application. Created to match the popular Bayview Series of site furnishings, the Bayview Rectangular Coffee Table incorporates a reverse angle leg motif and is beautifully finished with a recycled plastic lumber table surface. Installed alongside a pair of benches or chairs, this piece invokes conversation and creates a familiar indoor setting in an outdoor environment. Ideal for a larger gathering or where you want just a little more table space, this coffee table is the perfect addition. Easy to install and even easier to maintain, the installation and maintenance crews will thank you for it!
