## DESIGNER NOTES

The All-Metal Beselt Bench, shares all of the comfort and form of the Beselt Park Bench while employing an innovative industry-first no-weld design. It is ideal in locales where vandalism and graffiti are prevalent, as the metal slats minimize the available canvas for the would-be graffiti artist. From a maintenance perspective each component can be replaced individually on site if the bench incurs any damage. We manufacture our own castings used on the leg ends from 100% recycled aluminum car and truck rims.

100% Canadian Made
