

LOOP 2 SPACE BIKE RACK

Model Number : LBRP-1 (Aluminum)

LBRP-1-SS (Stainless)

DESIGNER NOTES

Providing accommodation for up to 2 bikes, the commercial grade LOOP bicycle rack is a simple yet familiar design that compliments either classic or contemporary landscape architecture..

Our LOOP bicycle rack improves on a traditional bike rack design by incorporating either marine grade structural aluminum or corrosion resistant high strength stainless steel in its construction. Doing so, it complements the client's needs for durability and longevity and the users desire for a safe secure place to leave their bicycle.
